Mike,

I have not reviewed yet, but thought you would provide a good perspective. Can you take a look?

Thanks.

I think this has a lot of good information in it. It differs a little from what was requested which was for each AA-ship to provide its inventory of activities and messages for internal use. This does that but looks more like an Agency-wide fact sheet.

OW coms director who is coordinating this says she'd rather just see what we have – since it's only for internal use. At a minimum, we should take out the last heading. I have not made any edits. Let me know what you think.

Thanks, Linda

Linda,

CCD developed the attached paper on PFOA/PFOS and RAD and Jeff reviewed and concurred. Please take a look and let us know if any questions.

Thanks,
Hans

Subject: GenX/PFOA/PFOS Comms Weekly Meeting Follow Up

Hi all—

In follow up to our call yesterday, I wanted to provide some information on what you might include in your one/two pagers on past/current/upcoming actions in your office. Here are some suggested section headers, but please feel free to use whatever format works best for your office as long as you are answering the general “what are we doing” question:

Overview/Background – Historically, what work has been done on PFAS in x office?

Current Action – What work is happening now?

What’s Next – What work does x office anticipate need to complete to learn more about PFAS, etc.?

Current Messages – What would you tell someone today, if they asked “Is my water safe to drink? Is the air clean to breathe? Are these chemicals harmful to my health?”

Please provide me with your one/two pagers by **COB on October 26th**.

I’m working on a shared folder/sharepoint site and will update you when I have something concrete on that front. And, lastly, thanks to the subset of you who are looking at the blurb for Nancy. I will share the updated version with everyone on this email.
